## BUMP OUT 10 RX

Offer your customers the best in customer service and convenience! The Bump-Out 10 RX is the only pharmacy pass-thru window designed for face to face personal service and the convenience of an after hours drop box. The classic bump-out design allows for a panoramic view of cars and outside activity while providing over four feet of usable inside counter space.

### PRODUCT DESCRIPTIONS

- **Convenient Drop Box**

Allows customers to leave refill bottles and new prescriptions after hours then drive-thru to pick up when convenient. Pharmacists can fill last night's prescription drop offs during slow periods or before opening hours. The drop box features a hinged flap and angled tunnel designed to protect against rain, wind, and outside tampering. Items are held in the 10"W x 6"H x 10"D reservoir bin until the pharmacist is ready to retrieve them.

- **Personal Service**

The large 18"W x 23"H service opening is perfect for virtually any size order. The Bump Out-10 RX features bi-parting doors for operating convenience.

- **Counter Space**

The Bump-Out 10 RX has over four (4) feet of usable inside counter space.

- **Manual Operation / Self Close**

To open, simply release the self latching handle and pull open the door. Both doors part from the center and open to either side of the window. When the handle is released door closes on our gravity fed track.

- **Fully-Automatic - Waist Sensor**

The operator simply steps into an electronic light beam which opens the door panels automatically. The door panels automatically close when the operator steps away from the electronic light beam. By the push of a button, operators can easily adjust the window opening size to either 12"W or 18"W.

- **Quality Construction**

Anodized aluminum extrusions, stainless steel and 1/4" tempered glass combine to give you an attractive window that not only enhances building exteriors, but will not rust, pit, or weather. Track free counter top provides for a contaminant free surface.

**ARCAT**green  
Products for Sustainable Design

- **Double Security Locks**

Bump-Out 10 RX Windows automatically lock each time the doors close, providing security when the window is left unattended. When the drive-thru is closed, manual security locks help prevent outside entry. In high risk locations, an optional security bar set is available to discourage and prevent after hours break-ins.

- **Fully Assembled, Ready to Install**

Ready Access windows are shipped completely preassembled, and fully glazed for lower installation costs. The Bump-Out 10 RX features a stainless steel inside panel for a clean finished look right out of the box.

- **Panoramic Visibility**

This original Ready Access bump-out design offers the operator a 3-sided view of cars and outside activities.

- **Warranty and Service Support**

Your Ready Access window comes with a one year limited warranty on parts and labor. In addition, each window is backed by a world wide service organization.

- **AVAILABLE OPTIONS**

The Bump-Out 10 RX is available in two standard finishes, statuary bronze or clear anodized aluminum.

Tinted glass is available upon request.

Powder coat painting is available in a wide range of custom colors.

# ARRIVES READY FOR INSTALLATION

Your Ready Access window is shipped completely assembled and ready for installation. Comes with instructions. Use only 115v/60Hertz current with a 15 amp branch circuit. International power: 220v 50/60 hertz current with a maximum of an 8 amp branch circuit.
