

RAC-36 and RAC-48

ANSI NSF 37 CERTIFIED AIR CURTAIN
FOR SERVICE / SANITATION / WALK-IN COOLER DOORS

NSF-37 SERVICE / SANITATION DOOR AIR CURTAIN

Specifically designed to meet foodservice health code requirements in food prep areas. Add this air curtain to Employee Service Doors, Sanitation Doors, and Walk In Cooler Doors. Provides barrier against insects and the exterior environment. Also improves energy efficiency and food safety by reducing HVAC & refrigeration losses.

High quality all metal components. Manufactured in the USA and warranted by Ready Access.

CONFORMS TO UL STD 507, CERTIFIED TO CSA C22.2 #113
NSF 37 CERTIFIED, ETL SANITATION LISTED
